WINTER 2012

MERRY CHRISTMAS

# D.S. "Bo" Ramsay named Civic Cup Winner for 2012

Each year an individual is awarded the Civic Cup for demonstrating humanitarian or civic deeds that surpass the work they do for a living. This year, our own Bo Ramsay was the recipient of the Civic Cup Winner for 2012.

In addition to his involvement with Aries Marine, he is also involved with the Episcopal School of Acadiana, the Boys and Girls Club, Boys Scouts and the Acadiana Symphony. Bo served in the Army's 11th Airborne Division in the Pacific Theater during the occupation of Japan. He began his career path in the oil field in 1962 and then eventually started Aries Marine in 1981 in Lafayette. His love of Lafayette came from the people, culture and food, but also because it was a place where he could be productive.

Bo didn't expect to be given such an honor, which goes to show how humble he truly is. "I thought it was an extreme honor to be included with the past recipients," Ramsay said. "I'm sure there are a lot of other people more qualified to receive the same award." His wife can testify to that: "Everything he does, he does from the heart," said his wife, Jerry Ramsay. "He is the most generous and kind and humble man. When he came home and told me about being nominated he kept saying, 'There are other people who deserve this more than me."

#### **HUET TRAINING: WHAT TO EXPECT**

If you fly in a helicopter, you need HUET training. HUET, which stands for <u>H</u>elicopter <u>U</u>nderwater <u>E</u>scape <u>T</u>raining, is good for four years.

All employees should call the Operations Office to register. You should wear work attire and old shoes and bring with you a change of clothes and a towel.

Bruce Fox in dunker

#### **GREAT NEWS REGARDING BENEFITS**

Look for your new I.D. cards

the week between Christmas

and New Year's.

#### Dental:

Aries Marine Corporation's Management is pleased to provide its employees with Met Life Dental Insurance, effective 1/1/2013. Your employee benefits will be double the

coverage for the same price. In other words, currently you have a \$1,000 annual maximum for your dental benefits. Effective 1/1/2013 you will now have a

\$2,000 annual maximum for

your dental benefits! Please be looking for your new I.D. cards the week between

Christmas and New Year's.

Aries Marine will also provide a new program just for diabetics

beginning January 1, 2013. More information will be forth-coming between Christmas and New Year's.

#### COMPLIMENTARY OPERATIONS FROM THE M/V RAM XVI

Recently the *M/V RAM XVI* was working for ERT. Butch Bazer received an email from an ERT company man commending their work on the job.

The email also stated that the crew, consisting of Eves Plaisance, Kelly Ware, Jason Arabie, Phil Mickens, Troy Doucet, Rickey Trahan,

Thurmon Charles, Ronald Davis, Sheldon Melder and Otis Jones were a big part of their daily success and were a pleasure to work with during the job.

Aries Marine would like to commend the crew for their outstanding work on the job.

#### **CONGRATULATIONS ON THE NEW ARRIVALS!**

- Berwick Casimere, Jr. had a daughter on 7/2/2012 and named her Braylae.
- Miguel Lopez-Oliva had a daughter on 11/7/2012 and named her Eden Anaya.
- Alfred Jones, Jr. had a daughter on 12/11/12 and named her Zoe Renee.

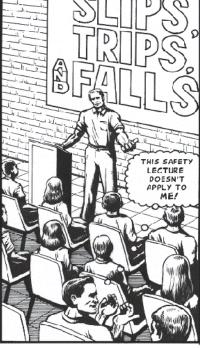

#### PAYROLL INFORMATION

Payroll period ends every other Wednesday. Your pay is for the prior two weeks worked. DO NOT EXPECT YOUR CHECK OR DIRECT DEPOSIT TO BE THERE UNTIL THE FOLLOWING MONDAY, AFTER PAYROLL ENDS. Please note Aries Marine CANNOT stop payments and reissue payroll checks until seven days after issued.

In addition, your deductions on your pay stub, including group health, dental and 401-K are from the prior two week period of actual work. Aries does not deduct in advance for premiums for group health, dental, nor 401-K. If you have any questions, contact your supervisor: Lift 337-232-0335 or Supply 337-856-9015.

## SUPPLY BOAT EMPLOYEE HIGHLIGHTED: David Loew

David Loew is currently a Captain aboard the *M/V Dwight Ramsay.* He has been employed with Aries Marine for over 17 years. He is married to Sharmitri and has three sons; Justin, Jesse and Shannon. He also has four grandchildren; Baylon, Bayleigh, Kaylee and Shaylee.

David was born in Georgia and lived in Mississippi for 25 years, Louisiana for 15 years and has lived in Grapeland, Texas for the past 12 years. His hobbies include reading/studying, home improvement, fishing and camping.

David was asked the following questions:

If you could have dinner with anyone in the world, who would it be? My wife.

If you were stranded on a desert island, what two things would you have to have (other than food and water)? Fishing gear and an EPIRB (to activate when I get tired of fishing).

What person has had the most influence on your life?

Jesus Christ

If you were not in this industry, what job would you like to have?

Operating a Christian Teen Center.

## LIFTBOAT EMPLOYEE HIGHLIGHTED: Wayne Murphy

Wayne is employed as a Captain aboard the M/V Ram X. He has been working for Aries Marine for over the past 12 years. Wayne has been married to Leah for six years.

Wayne was born and raised in Ft. Myers, Florida and currently resides in Atlanta, Georgia.

In his spare time, Wayne enjoys golfing, playing music, snow skiing, sailing and traveling.

Wayne was asked the following questions:

If you could have dinner with

anyone in the world, who would it be? Fidel Castro. He must have some incredible stories, and at his age now, he would probably tell them.

If you were stranded on a desert island, what two things would you have to have (other than food and water)? A good knife, and a serious supply of coffee beans. (Of course a Sat-Phone would be a close third.)

What person has had the most influence on your life? My Father. An archetypical Commercial Fisherman, Mariner extraordinaire, and still the smartest man I know.

If you were not in this industry, what job would you like to have? Have you ever seen those guys that spray paint topless women at festivals? Just kidding; I'm fascinated by the law, and I think that being a GOOD attorney would be challenging work.

## SPOTLIGHT ON IN HOUSE EMPLOYEE: Susan Petry

Susan Petry was born and raised in Abbeville and still resides there. She was married for 37 years to Henry and is now widowed. She has two daughters,: Amy and Ashley and one son; Adam. She has five grandchildren; Hailey, Collin, Camryn, Jacie and Whitney. Susan has been with Aries Marine since November 30, 2005.

Susan's hobbies include cross stitching, reading and she wants to learn archery in her next life! She also enjoys keeping her five grandchildren, and of course attending their games and activities.

Susan says she was lucky to land this job seven years ago and hopes to live on a beach somewhere one day. She

says, "it's five o'clock somewhere, even at 10:00 in the morning!"

Susan was asked the following questions:

If you could have dinner with anyone in the world, who would it be? Hardest question! No one person in the world, but I do enjoy boiled seafood, BBQ and fried fish as often as I can!

If you were stranded on a desert island, what two things would you have to have (other than food and water)? Fire and a tarp.

What person has had the most influence on your life? My Mom.

If you were not in this industry, what job would you like to have? To be a school secretary.

## A VIEW FROM THE BILGE: by Greg Stiles

#### The Holidays

Well, another election has come and gone and plain and simple, we lost. I hope the

U.S. can weather another four years of this economic and moral stupidity. That's all the complaining I'll do.

This year for Thanksgiving, I believe we were all thankful for an uneventful storm season so far this year, and as far as I can tell, business in the oil field is picking up little by little

Slow growth is better than no growth.

(slow growth is better than no growth).

Christmas is around the corner and

right around the corner and a lot of us are crew changing Christmas day or the day after so make the best of your time with your families, and while you are opening your presents, going to parties, or thinking how much your wife saved on black Friday sales, take some time to remember that Christmas is a celebration of God's supreme gift to us; his son Jesus.

Be safe this holiday season and have a Merry Christmas.

Good Sailing to All,

Greg Stiles

## **LETTER FROM THE PRESIDENT: Court Ramsay**

Dear Aries Personnel,

As I sit down this December day to pen this letter to you all, a number of things come to mind. While at first thought, they may seem unrelated, but in actuality they point to one thing, a damn fine company with an excellent reputation. A formalized safety program, clean well maintained equipment, environmental stewardship, excellent service for each one of our very important customers, and quick resolutions to operational challenges are the hallmarks of Aries Marine Corporation.

Safety meetings are necessary and as much a part of culture as our vessel colors and uniforms. I thoroughly enjoyed sharing some time with each of you during this past year's safety meetings. To sit in our classroom (which really is pretty well appointed) and to hear personal stories about your families, as well as to have frank conversations about our different initiatives is a real rewarding experience for me. It's easy for me to get lost in my day of considering day rates. utilization, costs, legal and the other corporate "what not" and to forget where the rubber meets the road-in our case, where the waterline is on the hull!

As for as utilization and market share. I feel we did well this year. We have had to divest of some equipment this year, but honest-Iv we were well over due for that. There is only so much a company can do to keep a vessel in service. After a while, it just doesn't make sense to keep repairing boats. obsolete Even though we have a slightly smaller fleet, we have made ourselves more profitable and we have positioned ourselves within the market as a relevant player. In other words, we continue to offer to our customers equipment and technology they demand. Standards do rise and we have to be able to meet and exceed that.

Lastly, I'd like to share a comment expressed by our customers. As you know, there are many choices of offshore boat companies out there to do business with. So, I like to know why Aries is picked instead of a competitor; it helps me focus on what our customers appreciate, and what brings return business. I think you should know, too. Our customers repeatedly comment that we are lightning fast when it comes to solving problems for them. When they call Aries, they immediately get someone on the

phone that can react to their needs. That, in turn, translates to responsive crews that can initiate a cure, without drama, and without delay. I feel this sets us above all others and it is this core commitment to service that wins business over and over.

Thanks for doing your part. It is noticed and appreciated.

Merry Christmas.

Safe sailing,

## **Electrical Safety-Safety Quiz**

- 1. Employees who work on or repair electrical equipment
  - A. Are volunteers
  - B. Are trained and authorized
  - C. Cannot work on other equipment
  - D. None of the above
- 2. Electrical Shock can cause
  - A. Hearing Loss
  - B. Death
  - C. Blindness
  - D. Chemical sensitivity
- 3. If you see bare or exposed wires you should
  - A. Wrap them in tape
  - B. Warn others and report it to a Supervisor
  - C. Cut the wires to prevent a fire
  - D. Both A and C

- 4. Before using electrical tools
  - A. Check the rating on the label
  - B. Check for broken parts
  - C. Check that the handle is black
  - D. All of the above
- 5. Voltage at or above which value below is considered hazardous
  - A. 10 Volts
  - B. 30 Volts
  - C. 110 Volts
  - D. 240 Volts
- 6. Rubber soled shoes protect you from electrical shock

True

False

## ESTABLISHED IN 1981!

ariesmarine.com

#### Aries Marine Corporation ~ Lafayette, Louisiana

Aries Marine Corporation, a privately held Louisiana Corporation, was formed in early 1981 by Dwight S. Ramsay and Betty Pfankuch to own and operate in the Gulf of Mexico self-elevating workboats and supply vessels.

The self-elevating work boats, also called Liftboats or jack-ups, provide mobile yet stable work platforms, crane capabilities and living accommodations for work crews performing services to offshore oil and gas production platforms. The Liftboats range in leg length from 130' to 200', and are capable of operating in maximum water depths of 160'.

Primarily associated with drilling operations, the supply boats provide Aries with a diverse business mix within the marine industry. Our OSV's, as they are commonly called, are the delivery trucks of the offshore sector. Our OSV vessels range in length from 220' to 292', all of which are dynamic positioning.

Currently, there are 24 vessels in the fleet.

Because of our diverse fleet, Aries has worked for all of the major producers as well as most of the independents. We have established a top reputation due to all Aries operations being conducted by experienced, safety minded personnel. Aries Marine takes pride in the cleanliness of its vessels, the efficiency of its operations and our excellent safety record.

Aries Marine is headquartered in Lafayette, Louisiana and maintains a sales and warehouse facility in nearby Youngsville, Louisiana. Aries Marine employs over 300 people.
